Civil Action 2:17-cv-18

Analysis 4 of 4

Plaintiff's need for
Answers to the Above Civil Action

To the Honorable Judge of Said Court,
Now comes, Ms. Bobbie,
AKA the Plaintiff and presents her Analysis
4 of to the Court.

Argument

Yours Honor), the Plaintiff is going to skip any preliminary legal openings and come right to the point.

On Docket 127 the following Defendants were substituted under Rule 25—They are, Hudson, Jumper, Mills and Murray (which is the Director of CMHC Policy), also Dr. Rainer (who's attorney is Strawn)

We got 6 Defendants being substituted under the guise they are on the CMHC as volunteers) and have other duties to attend which in April 2020 seemed reasonable.

Yet Discovery Puts these 6 Defendants, et al in a different light.

The above people approved policy that denied adequate medical care to those with Gender Dysphoria.

Discovery provides) that Director of Medical Care / Dr. Lanette Linthicum) approved

policy G-51.11 dated 5/16/2012 with attachments of the 7th Edition of WPATH which provide SRS if requested and the Doctors were to provide it.

Dr. Lwinthecum's approval is not out of line and goes against No Policy of Law. The 5th Circuit in Gibson supra already approved Significant Relief for those with Gender Dysphoria. Had the 5th Circuit known about Dr. Lwinthecum's approval of Policy G-51.11 dated 5/16/2012, SRS would not be an issue. Dr. Lwinthecum had approved the policy for SRS.

Discovery also proves Dr. Murray^① and his CMHCC operate under the conception they can't sue or be sued, which allows Dr. Murray the power to create Policy outside of the Constitution of America and discriminate against those with Gender Dysphoria that causes Bodily Harm.

Yet Discovery at this point proves Hudson, Juniper, Mills, Murray and Rainer were a party, led by Dr. Murray, Director of the CHC policy to gut Policy G-51.11, dated 5/16/2012 that reflects the WPATH 7th Edition that approved SRS.

① Director of the CMHC Policy

The Court can certainly raise the question
Where's Dr. Linwithcam?, the Director of
Medical Health for TDCT.

According to her answer and command
in her response to the Step 2 grievance "The
Specialist will follow policy G-51.P with attachment
to treat your Gender Dysphoria.

Your Honor, the old saying "ignorance
is Bliss" certainly applies to Dr. Linwithcam.
Her answer serves as notice that TDCT
is under the impression the 7th Edition of
WPATH is under full force and medical care
for those with Gender Dysphoria from Significant
Relief for Non-Invasive treatments to SRS
is considered the norm.

The Plaintiff notes that the legal
charge "Crimes Against Humanity" were first used
by Special Prosecutor Mr Chabot defended victims
that consisted of Gypsies, Jews and Homosexuals.

It's ironic the Plaintiff is in a United
States Federal District Court defending groups
of people labeled "Homosexuals".

The only Difference in Mr. Chalets Homosexuals and the present is the latter has the "Great Habeous Corpus" to provide a Barrier of Attack against Government Action that is impossible to explain^①.

Your Honor, the CMHCC use of Law that they can create policy to deny Constitutional Rights under the concept they can't be sued as sue is now under attack.

The Present Civil Action has informed this Court it can pivot to meet any attack by the Defendants many times, it stands to reason the Civil Action can move forward to press legal concepts with ease.

Your Honor, simple Discrimination is a concept of Law, yet when Discrimination with Bodily Harm takes place, which Hudson, Mills, Murray and Palmer were the main characters then the analysis takes a different twist, where the sole provider is the Federal District Court, U.S. Attorney General and a Jury.

Summary.

A living memory to Ms Gibson and Ms Selene who's great Crime Against Humanity is they have Gender Dysphoria,
① Const Law 213.(1)4

Yours Honor, until the Defendants
answer the present Civil Action the Plaintiff
can go no further.

This is the last of all analysis to
present to the Court.
